## Expert Provision of Fixed Line Services

- Access to Multiple Tier 1 Suppliers
- Enabling Effective Contingency Planning
- Compelling Pricing and Outbound Rates

### PERFORMANCE TELECOM

Innovative supply of fixed lines, data and outbound calls

### PERFORMANCE TELECOM

Performance Telecom is a leading independent reseller providing fully managed fixed line solutions from a range of Tier 1 suppliers, including BT Openreach (WLR 3), Virgin Media and Opal Telecom.

Dual supply is available for effective contingency planning and disaster recovery implementation. All delivered and managed through a single point of contact and single bill.

We have a direct online interface with Openreach to place new orders quickly and track order status, carry out line testing and report faults in real time.

Our innovative approach to outbound call charging – Tariff Union – ensures that subscribers always get the most competitive pricing, month after month.
